

Banks Put On Firm Footing Expert Says

New Regulation Marks Beginning Of Great Uptrend Forum Is Told

Urging rigid Federal bank charter restrictions and competitive examinations for bankers, Prof. John P. Schaffer, chairman of the University of Southern California banking and economics departments, gave a comprehensive picture of the present National banking situation to a meeting of the Sierra Madre Forum in the City Hall Tuesday night. Also present at the gathering, and voicing agreement with all of Mr. Schaffer's conclusions, was E. K. Kennedy, of the Bank of America, and head of the Pasadena Clearing House.

"Never before in history," Prof. Schaffer said, "has there been such a condition as has existed here in the past few years—either in scope or intensity... I wonder how many of you realize what history has been made in the last month alone?" He went on to state that he believed that due to President Roosevelt's vigorous action there would be such an uptrend that within a year we should be able to look back on the present as very low ground. "There are now 49 separate means by which a bank charter may be secured," Mr. Schaffer pointed out. "There are 48 states empowered to grant charters, and the Federal authority, in addition. It is my belief that in the future men will not only have to show evidence of a proposed bank's need in order to gain a charter, but also show proof of their own ability to conduct the bank as a firm business enterprise..."

In answer to a request from the audience Mr. Schaffer briefly outlined the Canadian banking system. That system, he explained, is strictly one of branch banks. In Canada there is no central bank, with branches, but rather a bank of branches, with a head office that does no banking business. Each bank issues its own currency, and such currency is returned to its home bank in exchange. He also explained that the Federal notes that are now being issued are backed 100 per cent collateral approved by the Federal Reserve Board.

Another bank reform the speaker suggested was that balance sheets be simplified to a point where depositors could actually know of a bank's integrity and investment security.

Summed up, the substance of the address was that the banking business in this country has been carried on in a slipshod, unbusinesslike manner, that countless banks were started for no reason other than the individual exploitation of real-estate or other enterprises that there will now undoubtedly be a Federal control of banks, sensible restriction of new charters; that in less than a year's time the Nation's business will experience a vast increase over the low level of last June.

To Hunt Treasure On Roller Skates

The Intermediate Christian Endeavor Society of Bethany Church, plan a treasure hunt for Saturday night. Members will meet at 7 o'clock at the church and the hunt will be made on roller skates throughout the city.

BEER AND WINE WON'T FLOW HERE WHEN NATION GOES WET... NOT ON APRIL 6 --- NOR SOON

Sierra Madre is one of a dozen Los Angeles county cities and towns—all in the foothills and San Gabriel Valley—that won't have beer when the "three-two" law becomes effective in the Nation April 6, and probably for some time afterward. Two local laws stand in the way.

First of all there is the local ordinance that forbids the possession here of anything that even smells alcoholic. That must be stricken from the books by the City Council if "three-two" beer and wine is to be sold or delivered here.

Second, there is the county's "Little Volstead Act," that makes the Gandier ordinance look like a bit of legislation put over by the Brewers' Association. While the Gandier Ordinance merely prescribes when and where Los Angeles city may sell its liquor, the county law forbids the sale or gift of anything containing more than one-half of 1 per cent alcohol or its transportation into or through unincorporated county territory.

Sierra Madre, to the chagrin of

Jobless Relief Association Gets City's Full Support

The City Council Wednesday night passed a resolution which officially placed the local unemployed relief association on a par with any of the city's other municipal and semi-political organizations. The resolution states that the association during the depression "shall be recognized as a functioning part of the government of the City of Sierra Madre," although the city itself at the present time is without funds to appropriate any money to the organization.

Because the association has for the past nine months efficiently and effectually cooperated with the City Council in relieving the hardships of the unemployed, the Council thought it well to take such action as would definitely centralize such relief work and place the city's support wholly back of the one body.

Raise Quake Relief Fund For Families

Red Cross Head Says City's Help For Individuals In Direst Need

Contributions for the Earthquake Disaster Relief fund here totaled \$260.00 up to Wednesday night, according to Miss Louise Judson, executive secretary of the local Red Cross chapter.

Miss Vannier, chapter chairman said today: "We want the people of Sierra Madre to clearly understand that all this money is to be used for the relief of individuals and families, actual sufferers from the quake."

"The National Red Cross appropriated \$50,000 from its treasury at Washington to start the campaign for the \$500,000 relief fund needed. The Red Cross appeal must not be confused with the plans for Federal or State appropriations. Much of these latter funds will be utilized for replacement of public buildings and business buildings while the Red Cross relief money will be used only for families financially unable to take care of their disaster losses."

"Homes, not business property, will be rehabilitated through this Red Cross fund. Need, not the amount of loss, is the basis on which the funds are distributed. They are administered by officials of the National organization, men and women specially trained for this work, sent into the disaster area, so no local favoritism or prejudices can possibly enter into the allotments."

"Hundreds of families who have losses are registered with the relief bureaus and the number increases daily. The total property loss is estimated variously from \$43,000,000 to \$60,000,000, with the Los Angeles Chamber of Commerce authorizing the first figures as a conservative estimate."

"It is plain that the \$50,000 to help the small home owner who has no other resource is but a small part of the great total and it should be raised as quickly as possible. The sooner these poor people are back in homes instead of living in tents or other temporary shelters, the less will be the toll in sickness and death."

"I urge everyone in Sierra Madre to give something to this fund. Let it represent Sierra Madre's sympathy and thankfulness one hundred per cent."

State Economy and the Lobbies

AS THE LEGISLATURE swings into the fourth week of the latter part of its session, the lines are clearly drawn between those who wish to cut down the costs of government and those who have an interest in maintaining some bureau, group or institution.

The fact-finding committee has completed its report covering every phase of State expenditures, and reports that \$25,000,000 can be saved toward lessening that \$60,000,000 anticipated budget deficit. This applies only to those expenditures which are controllable by the Legislature.

The Assembly Ways and Means Committee is preparing to bring in a revised budget bill which lops away \$20,000,000 or more in expenditures. The committee has made use of the facts unearthed by the fact finding committee and have incorporated them in the bill. It is this bill which will govern the expense of the State for the two years beginning July 1.

A careful program of salary reductions has been worked out by a sub-committee of the Ways and Means Committee. If placed into effect, the reduction will save \$8,231,029 including University of California salaries and \$6,580,229 with university salaries excluded. The plan has been worked out so as to fall lightly upon the man with a small salary. Instead of fixing a flat percentage reduction on all grades, it proceeds progressively in \$50 steps.

The man getting \$100 a month loses 10 per cent of the last \$50 or \$5, which added to the \$5 lost for the first \$100, cost him \$10 and leaves him \$140. His aggregate percentage of salary loss is 6.66.

The \$200 per month man loses 12.5 of his last \$50, and his total salary, after the several cuts, is \$183.75. The top salary of all, \$1250 per month, loses 72 per cent of the last \$50, 37 per cent of the whole, leaving the salary at \$787.50.

Other savings in payroll accounts recommended by the sub-committee bring the aggregate up to more than \$15,000,000. If no new positions are created, \$500,000 will be saved. Two million can be saved by eliminating unnecessary positions. It is astonishing to discover that in 1931 there were salary increases in the State service amounting to \$278,352. If this matter of boosting salaries is stopped, the sub-committee estimates a saving of \$500,000 for the biennium.

If the privilege of sick leave, with pay, is reduced by a half, \$200,000 per biennium can be saved. Vacations without pay will reduce the payroll by \$4,500,000.

The State Chamber of Commerce has a program, which while it does not concern itself directly with the costs of State government, is designed to save many millions per year to the local taxpayer. The chamber takes the position that developments of new sources of revenue will not decrease, but increase the taxpayer's load. The primary object, the chamber contends, is sound retrenchment.

The annual cost of supporting State, county, city and district government in California reaches the staggering total of \$500,000,000, nearly all of which is raised by local taxation. There are 7000 separate units of local government in California. The State Chamber of Commerce is attempting to consolidate, reduce and save.

The temper of the legislature is agreeable to a reasonable retrenchment program. They have come from all sections of the State where they have seen, and themselves felt the burden of excessive governmental costs. They are prepared to trim and lop the tax tree.

But they are beginning to find themselves alone in this proceeding. They are deluged with letters and telegrams, opposing this cut, that reduction. The people who favor retrenchment do not bother to write and commend them for their efforts. When they do write, it is at the solicitation of someone who wishes an exception from the reduction program in favor of some institution or some State employee.

Everyone favors economy, but at the expense of the other fellow.

If the taxpayers of California really understood that they are faced with a back-breaking tax problem if the Legislature does not retrench, then a huge army of lobbyists, actually for economy, would move on Sacramento and drive out the horde of lobbyists for special interests, the interests which feed at the public front and keep the tax rate high.

Paintings Of 30 Women In Art Exhibit

Without formality of opening reception or ceremony the second art exhibit to appear in the Sierra Madre Little Gallery in the City Hall commenced a two week's run Friday. Made up of oil paintings and water colors, including portraits, still lifes, landscapes and seascapes, the exhibit is interesting in its varied aspects.

Without attempt to include mention of all of the 30 artists' works, several canvasses are worthy of being singled out. One of the portraits, an oil of a child, "Elberta," by Blanche Whelan, is especially good, capturing as it does much of the girl subject's natural charm. Christine Josselyn, deviating from the standard canvas shape, has done a sea and landscape called, "View from Point Loma," that is on three panels of canvass and approaches mural technique.

All of the artists are members of the society of Women Painters of the West, and the exhibit was arranged by Mrs. Fred Griebner, chairman of the local little gallery. The public is welcome to view the paintings whenever the City Hall is open.

Jobs Waiting For Those Here Who Want Work

Anyone in Sierra Madre who is still in need of employment is requested to report to the local Unemployed Relief Association Headquarters at 62 Windsor Lane. There are local jobs, including Spring cleanup and garden work, that are available to those in need of them, headquarters officials state.

Also a plea is made to those who may have work to be done—fences to be painted, lots to be cleaned up, flowers to be planted—to communicate with association headquarters. By calling 352-1 they can secure such help.

Unemployed Ask Public's Cooperation

An audience that filled the assembly hall of the Congregational Church gathered under the auspices of the Unemployed Relief Association of Sierra Madre on Tuesday night. Many came from Pasadena and neighboring towns as far as Compton. There were many speeches explaining the methods and hopes of the unemployed to meet their situation and tribute was paid to their self-sacrificing efforts for the good of the whole number of the jobless.

After a few words of welcome from Rev. Arthur O. Pritchard, Dean Bode was called to the chair and said the unemployed co-operative movement all around us was the finest example of brotherhood he had even seen. Mrs. Jessica Wright spoke in glowing terms of the relief organized by the unemployed co-operatives of Compton. Miss Vannier for the Red Cross spoke of the helpfulness of the organization and its harmonious relations with the Red Cross. Several speakers spoke of the cordial support given by the City administration and Mayor Reavis replied in a happy vein.

The formation of the new Advisory Council of business men of the neighboring towns was described, and the need of men to work at once in the Sierra Madre vegetable garden, planting before it is too late. Gabriel Alamao is in charge of this work.

After a kindly speech by Father Hyacinth on the need of charitable feelings, visitors from other towns made short talks and Sam Blum summed up the purposes of the meeting, which was to gain the sympathy and cooperation of the public in the remarkable and successful efforts of the unemployed to help not only one another, but anyone in need.

At the close of the meeting the ladies of the kitchen, led by Mrs. Tyree were given the applause of the gathering and proceeded to serve coffee and doughnuts in return for which five dollars was contributed for earthquake relief.

Attendance Records Fall At City Fete

Thousands Of Cars Bring Great Throngs To Gorgeous Color Spectacle

All-time attendance records were shattered during the opening days of Sierra Madre's Wistaria Fete which commenced last Friday noon with the publishers' preview luncheon, and predictions were freely made by firemen in charge of the year's most gala event that next Sunday's crowd will exceed any yet seen on Scenic Point.

Last Sunday a steady stream of cars, totalling over 3000, filled the regular parking spaces to overflowing, kept the fire and police force extremely busy from early morning until dusk and available taxicabs did a rushing business. Fine Spring weather brought out the wistaria buds to all splendor, and more than 5000 visitors passed through the gates.

In the foreground the wistaria grounds the colors of scores of varieties of rare and lovely flowers contributed by Southern California nurseries and horticultural gardens brought exclamations of delight from the guests of the various local organizations that have sponsored each day of the fete.

The fete, with its added attraction of flower pageantry, opened auspiciously with the luncheon at which the newspapermen, publishers and local officials, were present. Over 400 publishers, editors and celebrities were checked in by Chief W. D. Richards during the afternoon. A Mexican trio furnished atmospheric music during the luncheon.

Saturday, the Legion and Auxiliary's day, the crowd started coming in ever increasing strength, and before dark, 1073 had viewed the vine, and a large portion of them had tarried to have luncheon. The evening, especially conducted garden tour of the city. Hosts for the day included Post Commander R. O. Calkin, Second Vice-Commander Collin Hill, Dan Lewis, Jim Irvine, Clarence O. Welch, F. C. Bumpus and Waverly Pratt. A group of Auxiliary members served as hostesses.

John Billheimer, president of the local Chamber of Commerce, was chief welcome for the chamber's guests Wednesday, which was designated as "Old People's Day." Mrs. Margaret Finckel, secretary of the San Gabriel Chamber of Commerce, brought a party of friends that included N. A. Strain, aged 77 years, who has lived for the past 51 years in San Gabriel; Mrs. Mary H. Harrington, 83, and her daughter, Mrs. G. H. Lubrecht. They were joined by Henry Snyder, 94 year-old Angeleno. Mrs. Olive Bell, 93 year old Sierra Madrean was to have been hostess tea, but an injured hip kept her confined to her home.

Another luncheon party Wednesday, one of the many given during the week, was in honor of Mrs. Irene Deiger, of Hamilton, Ontario, by Mrs. Charles Norris, of Toronto. Mrs. Deiger leaves town tomorrow for Canada by way of the Panama Canal. In the party were Mrs. G. A. Walton, of Ontario; Mrs. Robert Cummer, of Glendale; Mrs. S. R. Norris and Mrs. A. N. Dingman, of Sierra Madre.

Yesterday a varied program was arranged by St. Catherine's Guild of the Episcopal Church, by the president of the group, Mrs. J. H. Robertson. After luncheon at the vine and the garden tour the party proceeded to the Episcopal church where an organ recital was given by Dean Bode at 4 p.m., and a litany service conducted.

Hostesses included Mesdames J. H. Robertson, Randolph Wood, J. C. James, Hall Perry, Margaret Young, Thomas Flather, Fred Arthur, W. L. Rhoades, Price, Christensen, and Misses Thomasella Graham, Marjorie Vannier, and Jean Woodward.

Today St. Rita's Shrine has reserved tables for guests, and will sponsor the days activities. Saturday has been taken over by the Congregational Church, the Masonic Temple has reserved next Tuesday, while Wednesday the daughters of Union Veterans will entertain guests.

Boys Accused Of Stealing Gasoline

Sixteen year old Bryant Barker and Richard Vanderpool will appear before Judge Gates in Juvenile Court in Los Angeles March 27 on petty theft charges. They are charged with having taken gasoline from the car of Mrs. Veda Lass, while it was parked in front of her home on Mountain Trail avenue.

Huge Oranges Grow In Clusters Here

A cluster of three Naval oranges, grown at the home of T. M. Sherman, 273 East Alameda avenue, is on display in the window of The News office. Two of the oranges are 14 inches in circumference and the third measures 12 inches.

Junior College Girl Candidate For Flower Queen

Miss Marion Phillips, pretty 16-year old daughter of Mr. and Mrs. M. Penn Phillips, of 621 East Orange Grove avenue, was chosen this week by the Girls' Junior League of the Woman's Club to represent Sierra Madre in the Pasadena beauty contest which takes place this afternoon at 3 o'clock. The winner will have the honor of being Queen of the Crown City's flower show. "Miss Sierra Madre" is a student at the Pasadena Junior College, and is well known and liked among members of the younger set here. She has never before appeared either on the stage or in a similar contest.

Call Meeting To Protest School Bill

Gathering Wednesday To Get Local Expression On Consolidation Act

There will be a mass meeting in the school auditorium next Wednesday evening at which the people of Sierra Madre will be given an opportunity to express their opinion of the Feigenbaum bill pending at Sacramento that would make this city a part of the Pasadena school district.

Superintendent George Bush, of the South Pasadena schools, will be the principal speaker. He has been assigned the job of explaining to local taxpayers the exact effect the school consolidation bill would have upon this city and its school and its upkeep.

Meanwhile a public hearing on the Feigenbaum measure (Bill No. 897) is being arranged before the Assembly at the instance of the California State Chamber of Commerce, its sponsor, so that its economy features may be demonstrated to the legislators and to the people of the State generally.

In a statement on the subject the State Chamber of Commerce denies that the bill contains ripper features or that it would deprive a full measure of home rule to the affected districts. The statement says:

"School district consolidation as proposed by the bill, calls for reducing the number of school districts in California from 3600 to 297, using the present high school district as the unit for administering school affairs, and bringing elementary and secondary schools under centralized administration. Substantial economies will be effected in management of the schools and in the centralization of purchasing power. At the same time, broader educational facilities will be provided the smaller schools."

FREQUENT VISITOR HERE HAS PASSED ON

Nat Schneider, 34, of Los Angeles, brother-in-law of Mrs. Mrs. Emil Sturmhall, 106 South Hermosa avenue, passed away suddenly on Wednesday morning at his home. He was a frequent visitor in Sierra Madre and his many friends here will be shocked to learn of his death. His illness of three days of influenza was not considered serious until within an hour of his death, when he took a sudden turn for the worse. Mrs. Schneider will spend a short time here with her sister, Mrs. Sturmhall. Interment will be held in the East.

LONG BEACH PLAYERS WHO NARROWLY ESCAPED DEATH TO PERFORM HERE APRIL 7

The Long Beach Theatre Guild troupe that narrowly escaped death when the Jefferson Junior High School building collapsed immediately after a matinee performance the evening of the quake, will present a production of "Little Women" in the local school auditorium Friday, April 7, and all money raised will be donated to Sierra Madre's disaster relief fund, through the local Disaster Relief Committee.

"Imagine the pluck of these people," said Mrs. J. H. Wright, chairman of the committee, "who, the day of the quake were putting the play on for two performances at the Jefferson Junior High School for the P.T.A. The matinee performance had closed and the large audience was barely out of the building when the shock came. The entrance was completely demolished and other parts of the structure collapsed, trapping five women. The cast in the play with exits blocked. The courageous effort of members of the cast who escaped the

Veterans On Mercy Trip Are Injured

Three Local Legionnaires Crash Into Lightless Truck At San Marino

Crashing into the rear of a lightless truck, then bouncing into an oncoming car, which in turn collided with still another automobile, three Sierra Madre Legion men were seriously hurt in San Marino in a four-cornered wreck last Thursday night while en route to the Monterey Park refuge station, where they were engaged in active rescue duty. William Schwartz, 28—East Montecito avenue, is still in the Garfield Hospital, in Monterey Park, with concussion of the brain and a fractured jaw. He is now said to be definitely out of danger and making rapid improvement.

Samuel Graham, city engineer, suffered from a cut wrist artery that resulted in such a loss of blood that a hurried transfusion was necessary. He was brought home to Sierra Madre by his wife Tuesday afternoon, weak but rapidly gaining strength.

R. O. Calkin, Legion Post Commander here, the least hurt of the three, sustained a painful and deep wound over one eye, and had stitches taken in a head gash.

The car, driven by Calkin, collided at the corner of Huntington Drive and Old Mill road with the truck, which was loaded with furniture from the quake area and operated by Uroles Martinez, of Los Angeles. In attempting to swerve around the truck, the veterans' car locked with a machine that was coming from the opposite direction, which in turn side-slipped into a parked car.

Witnesses testify that Calkin's car was being driven at a low speed and that the truck's tail light was unlit at the time of the accident. The truck driver states that he had stopped his vehicle to see a street sign.

The refuge station at Monterey Park was established for refugees from the Long Beach area after the quake and since that time Legion members here have made many trips there, transporting food and clothing and necessary articles. People from Long Beach Compton, Inglewood and other stricken towns rendered temporarily homeless, poured into Monterey Park in numbers that rendered supervision and running the station difficult, but Calkin and his men were lauded by State inspectors for their efficiency, the station cited as being the most sanitary and best ordered place of refuge among the many hastily erected centers.

Only Election Of The Year On Friday

The only city election of the year will be conducted at polls at the Sierra Madre grammar schoolhouse Friday, March 31, as Edwin Ward comes up for re-election as school trustee. No other candidates has registered to contest the three year position. The polling places will be open between 11 a. m. and 5 p. m. Officers conducting the balloting will include Mrs. Ellen P. Evans, inspector, and Mrs. Irene T. Dalzell and Mrs. Myrtle P. Hartman, judges.

The advertisements are your guide to efficient spending.

Remember on every occasion which leads thee to vexation to apply this principle; that this is not a misfortune, but that to bear it nobly is good fortune. —Marcus Antoninus.

THAT LITTLE STREET WHERE OLD FRIENDS MEET IS RIGHT HERE

That little street is right in your own home town. If you want to make it a friendly street outsiders will want to come and share it with you. They will sense the glow of friendly contact and wish to linger long within its warmth. And a friendly street is so easy to obtain. Just a kindly attitude towards your neighbor and others with whom you divide the care of the day. Just a little human understanding of what constitutes gentleness and courtesy. That's all you need to make a street where old friends want to meet.

The community that prospers is always a friendly community. Today the world is seeking out such places. There is so much of travail and harshness in the everyday affairs of life that friendly havens beckon from afar. If you want your home town to be prosperous, to be known as a friendly spot, then you be friendly too. It is a good message to carry with you during the year—and it pays big dividends in happiness and prosperity.—South Kent County News, Grand Rapids, Mich.

FUNERAL SERVICES FOR MRS. M. E. SMISER

Funeral services were conducted on Friday morning in the Little Church of the Flowers at Glendale, for Mrs. Mary E. Smiser, who died Tuesday of last week at her home in Monrovia. Interment followed in Forest Lawn. Mrs. Smiser was the mother of Mrs. H. N. Lacey, of Sierra Madre; Mrs. Salome Foster, of Monrovia, and Lee Smiser, of Warrensburg, Missouri.

HEALTH LECTURES DRAW MUCH FAVORABLE COMMENT

Fourth of a series of interesting health lectures by Dr. Martin J. Kartoff of Monrovia, was held at 522 S. Myrtle avenue of that city on Tuesday. The topic of the lecture was "The Bloodstream and Health" dealing with methods of health preservation and disease correction. Judging from the favorable comment of the audience the lecture was very instructive.

Former First Lady Enjoyed Her Visit Here; Coming Back

Mrs. Herbert Hoover left here Sunday morning for her Palo Alto home, having concluded a week's restful visit with her son and his family at their residence on North Sierra Madre avenue. At the same time Herbert Hoover Jr., went to Kansas City on a business trip. His wife accompanied her mother-in-law north, the trip being made by automobile. Mrs. Hoover said she had enjoyed the relaxation here immensely and would probably return shortly.

The former President arrived in Palo Alto Tuesday to be greeted by an informal reception by his friends and neighbors that assumed State-wide proportions, being attended by Gov. Rolph and many other notables.

Hot Lead

By Norman B. Jensen
THE 18th District meeting on Friday night at Wilmar was devoted to reports of Disaster and Relief Committees from all the Posts.

All reported mighty fine work in connection with relief of the inhabitants of the "quake" area. However, due to a lack of coordination, or, if you like it better, communication facilities, the "Big Shots" are recorded as working independently instead of taking their places in command of their respective areas.

One of our District Posts, Azusa, reports that they literally obeyed Commander Smith's command to stand by and that they are still standing by. But, nevertheless, more than 50 truck loads of food and bedding and over 5,000 gallons of water, besides several hundred men, a rolling kitchen and many nurses were transported to the stricken area by the 18th District.

Sierra Madre Post did its full share of relief work and guard duty. We were very unfortunate the last evening of our activities on duty by having a severe accident temporarily place our Commander Ray Caukin and Comrades Sam Graham and Bill Schwartz on the disabled list. Commander Caukin is recovering, as usual, but with one eye covered with a bandage and a scalp wound on the side of his head. Sam Graham lost considerable blood when an artery was cut but is improving nicely. Comrade Bill Schwartz has been suffering from concussion of the brain and is also improving. All three comrades will soon be back with us again and we will certainly be glad.

Comrade Harold Hart, of Altadena, was a welcome guest at Monday night's meeting. He brought his piano accordion along and entertained with several selections. Everyone enjoyed his music and will be glad to know that he plans to come again. Comrade Harold is an old schoolmate of many members of Sierra Madre Post and we were all glad to have him with us and to talk about old times.

Commander Ray Caukin has appointed Comrade George Norris to represent the Post as the District meeting of the Disaster and Relief Committee. Comrade E. Nal Ames of 420 Carmello avenue, East Pasadena, is chairman of the committee and is formulating plans for the district organization. Plans suggesting well trained squads of Legionnaires to be equipped with government apparatus for emergency use, are being considered.

Sierra Madre Post is to have a large safe moved to the dugout in which to store valuable treasure. Six huskies were selected to do the moving and will be on deck next Sunday morning. We are all very curious and it seems in order that we ask someone, perhaps Comrade Adjutant Roy Shetler, just what he will store in the safe.

The children to whom the Post supplied tickets so that they might visit "Old Ironsides" are still expressing their gratitude. Such gratitude will repay us for any effort we put forth.

Long Beach People Cheerful Visiting Clergymen Report

The total membership of St. Luke's Church, Long Beach, which was badly wrecked and will have to be rebuilt, was visited Tuesday by a group of Episcopal clergymen, each taking a certain district. The friendly visits and inquiries as to damage done and help needed did a great deal to encourage the members. Dean Bode says he found a remarkable spirit of cheerfulness, though 2000 homes were wrecked. The situation is being well taken care of, Dean Bode believes.

BIRTHDAY GREETINGS...

THE NEWS extends birthday greetings and its best wishes this week to the following Sierra Madrans:

Mrs. F. B. Pillsbury	Mar. 25
Jessie Vieira	Mar. 25
Margaret Adwell	Mar. 25
Betty Jean Proffitt	Mar. 26
Mrs. Guy Steinberger	Mar. 26
Mrs. A. C. Gerschler	Mar. 26
Betty Patterson	Mar. 26
Billy Mays	Mar. 26
Daniel Rothstein	Mar. 26
Mrs. Minerva Bradley	Mar. 27
Ramon Sanchez	Mar. 28
Altadena Their	Mar. 28
Gertrude Kiggins	Mar. 29
Rev. W. D. Ogg	Mar. 29
Janet Gerschler	Mar. 30
Craig McLaughlin	Mar. 30
Percy Kortkamp Jr.	Mar. 30

NEW CHURCH WELFARE SOCIETY AT BETHANY NAMES ITS OFFICERS

The Tabithians, organized recently by members of the Work Committee of Bethany Missionary Society, met on Wednesday afternoon at the home of Mrs. Stanley Wood, 154 Santa Anita Court. The club was organized for the purpose of welfare work and it aims to keep a supply of clothes and other necessities always on hand to take care of needy cases when reported. Mrs. E. R. Thompson is president; Mrs. Harry Howard, first vice-president; Mrs. J. A. Reed, treasurer; Mrs. Stanley Wood, secretary; Mrs. George Moran and Mrs. Anderson, officers; Mrs. Roy Edwards and Mrs. William Simmons, charge of calling; Mrs. Joseph R. Evans, social chairman, and Mrs. George DeLong, of Arcadia, takes care of supplies for missionaries.

The organization will meet the fourth Wednesday of each month at the home of a member.

A. L. A. Activities

By Dorothy Shetler

SIERRA MADRE unit was well represented at the 18th District meeting and initiation at South Pasadena, Monday night. Among the group attending was Elizabeth Goodie, Catherine Miller, Lillian Wheeler, Maybelle Barker, Leila Embree, and D. Shetler. Our candidates for initiation in the group of women from nearly every unit in the District, included Edith Woodruff, Helen Lovejoy and Nell Mathis.

President Barker had a very good report to give when District President Lora Smithson asked for each unit to tell what they had been doing to aid the earthquake victims. We were among the first to get on the job, and start collecting all sorts of necessities. Our report compared favorably with many of the much larger and more prosperous units.

Norvin Smith, 18th District Commander, was present and gave the Auxiliary a lot of praise. He spoke very seriously about the amount of work the A.L.A. was doing. And then had to either give us a real bouquet or a left handed one which you can decide for yourself.

Saturday was Legion and Auxiliary Day at the Wistaria Fete. Serving as hostesses with the President, Mrs. Barker, were Louise Roe, Lillian Wheeler, Bertha Irvine and Dorothy Shetler. Edith Woodruff is busy at the Information Desk.

Auxiliary members that have been aiding at the P.T.A. candy booth as a money raising work for the P.T.A. milk fund were Leila Embree, Bertha Irvine and Yours Sincerely. Many of the A.L.A. have sent homemade candy, to aid in this endeavor. This service counts as part of the A.L.A. Community Service Department.

Note—The time is drawing near for the A.L.A. to collect cow bells, and such—and to get their throats in good rooting condition. Baseball season has made an appearance, and we will again help the team win honors as we did last year—with much noisy attendance and vociferous acclamations.

In May will be the Drill Team Frolic at Alhambra, when the team will try to raise Convention money. Each unit in this district is expected to prepare an act for this merry show. Each member of Unit 297 make yourself a committee of one to figure out a headline act.

Remember we are entitled to wear the silver Victory Stars—an emblem for reaching the membership quota before the deadline. Not many units made the grade as quickly as Sierra Madre. Order your Star from Secretary Minnie Stinman.

Attention—anyone going to the hospitals, please take your cameras and snap pictures of the veterans making poppies. Anyone seeing a real picture of the boys in all stages of disability, trying to create an artistic paperflower, could never be uninterested in the great annual poppy sale.

The advertisements are your guide to efficient spending.

Local Boys Rate High In Track Meet At Wilson Junior Hi

By Bill Hansen

Long absent spikes bit into the Woodrow Wilson Junior High School track Wednesday, when the Wilson alumni met and clashed with the Junior High track team.

Sierra Madre graduates of Wilson figured greatly in the meet that ended in a tie, 43-43. Carlton Scalzo took first in the shot put with a distance of 54 feet 4 inches, which is better than the Pasadena city record for the eight pound shot. Scalzo also came in third in the 100 yard dash.

Jumping high, wide and handsome, Sam Schwartz made first in the pole vault, first in the high jump and second in the shot with a mark of 53 feet 3 inches, also better than the Pasadena city record.

Edwin Scott topped third in the shot when he put the weight 52 feet 7 inches, better than the city record for Pasadena.

With a jump of 20 feet 6 inches, Elmer Stelle took second in the broad jump.

DR. MARTIN J. KARTOFF

A VITAL FLUID

When we recall that water forms two-thirds of the human body we can appreciate the importance of maintaining the proper proportion of this vital fluid in the body.

It may surprise some of you that in what we term the solid parts of the body there is considerable water. Thus even in the teeth there is 10 per cent of water, in the bones 13 per cent, in the ligaments almost 76 per cent, in muscles 75 per cent—the bile, pancreatic and stomach juices, lymph, saliva in addition to the bloodstream, water averages over 90 per cent of the total.

Life therefore, is possible only in a liquid medium, and the blood-stream must have its full quota; for every cell in the body is kept alive and serving its function while submerged in water.

Increasing the amount of water will in many cases also aid in the overcoming of constipation, since if the blood is too thirsty it is more inclined to absorb water from the bowel, leaving the contents too dry.

When such excessive absorption of water from the bowel takes place, poisonous waste materials are taken up with the water into the bloodstream to be distributed throughout the body with a resultant destructive effect upon the tissues and organs.

Not only for the normal body is the proper amount of liquid necessary but where there are certain pathological or disease conditions present, such as rheumatism, diabetes, Bright's disease, acute fevers, etc., increased water drinking is imperative, for the speeding up of elimination.

LATEST BIG HITS AT ARCADIA THEATRE

What fiend was this Zarcoff, in whose trophy room hung the heads of hunted men? Come see for yourself, as "The Most Dangerous Game" is screened at Dean's Arcadia Theatre tonight and Saturday, March 24 and 25. Joel McCray, Fay Wray, Leslie Banks and Robert Armstrong are in the cast of the thriller. On the same big bill is Douglas Fairbanks in his latest modern comedy romance, "Mr. Robinson Crusoe."

Sunday, Monday and Tuesday Mr. George Arliss appears in "The King's Vacation"—in which you see what the ex-King is up to. Supporting him in the cast are Dick Powell and Patricia Ellis. Irene Dunne in "No Other Woman" completes the double feature bill.

Starting next Wednesday, March 29, "State Fair" comes to the Arcadia screen. The glamour, comedy and drama of a life with a super cast headed by the king-pin of American comedians, Will Rogers.

'CYNARA' AND 'TOPAZE' AT LYRIC THEATRE

Ronald Colman, in the sophisticated screen hit "Cynara," plays at the Lyric Theatre in Monrovia tonight and tomorrow. Balancing the bill is "Robber's Roost," a western thriller featuring George O'Brien. Special matinees will be held Saturday afternoon, for the special entertainment of boys and girls. Announcement is made by the Lyric management that a surprise feature will be on hand in addition to the fourth episode of "Clancy of the Mounted," besides a cartoon and news reel.

Starting Sunday is "Topaz," John Barrymore's most successful comedy, which critics predict will rank as one of the finest pictures of 1933. Joan Blondell and Chester Morris in "Blondie Johnson," complete the double billed program.

In A Social Way

MRS. BOYD KEITH entertained with a delightful

bridge tea on Tuesday afternoon in honor of her aunt, Mrs. C. Leslie Smith of San Luis Obispo. Spring flowers were used throughout the house and the tables were lovely with their French bouquets and pastel favors. High score went to Mrs. F. W. Fabrick, of Glendale, and second prize was awarded Mrs. William Middough. Guests were Mrs. H. B. Hersey, Mrs. Jack Paschall, Mrs. William Middough, Mrs. E. D. Robertson, Mrs. William Adwell, Mrs. Thomas Schwartz, Mrs. John Spoelstra, Mrs. O. O. Force of Monrovia; Mrs. F. W. Fabrick, of Glendale; Mrs. Elmer Dunning and Mrs. C. Leslie Smith, the honor guest, both of San Luis Obispo.

A birthday dinner party, honoring her daughter, Floretta, and brother-in-law and sister, Mr. and Mrs. Ben Hanson, of Long Beach, was given on Thursday evening by Mrs. Clara Brown, at her home, 38 West Laurel.

Mr. and Mrs. Vincent Fleming, of North Baldwin avenue, entertained at dinner on Sunday. Guests included Mrs. Frank Biesenger, of Wilmington, Delaware, and Mr. and Mrs. Andrew Wolfe and Mrs. Rose Wolfe, of Los Angeles.

A very delightful Spanish luncheon was given by Mrs. W. Colligan at her home, 391 East Grand View avenue, recently, to 12 members of the Art Section of the College Woman's Club. Mrs. Colligan's mother, Mrs. J. Borradale, gave a most interesting talk on "Spain."

Mrs. Samuel Sea, of 198 West Montecito avenue, entertained her brother, Dr. Samuel E. Roberts, and wife of Kansas City at the Wistaria Vine on Tuesday. Dr. and Mrs. Roberts, who are spending two weeks here, are very much in love with Sierra Madre and felt that their visit to the Vine was a rare treat.

Mr. and Mrs. Boyd Keith, of East Central avenue, entertained Mr. and Mrs. William Roether, of Pasadena, at the Vine on Sunday.

Dr. Mae Culbertson Laidlaw, of North Sunnyside avenue, entertained at tea on Sunday evening. Guests included Dr. Mary Groth, of Pasadena; Dr. Georgia B. Smith and Mrs. McKane, of Los Angeles.

Mr. and Mrs. Roy Shetler and Mr. and Mrs. James Irvine were among the guests present at a dance given at the home of Mr. and Mrs. Peter Boele in Lamanda Park on Saturday evening.

Miss Elizabeth S. Kaplan, of 298 West Highland avenue, entertained at tea on Sunday. Guests included Dr. and Mrs.

Harry Krohn and family, Miss Ruth Jueyry, Miss Sophie Davison and Miss Sadie Marcy, of Denver and Los Angeles.

Mrs. Louise Roe, of 288 Marioposa avenue, entertained Mr. and Mrs. Frank Myers and Miss Ethel Whitehead at dinner on Sunday.

The junior high school group of the Young People's League of the Congregational Church, was entertained on Friday evening with a St. Patrick's Day party at the home of Mrs. William Adwell, 193 West Central avenue. Irish decorations were carried out throughout the house and Irish games, including the "Pig" game, and songs were the diversions of the evening. Mrs. D. Vanderpool, Mrs. Warren O. Preston and Mrs. Adwell were hostesses for the affair. Twenty-six young people were present.

A hilarious St. Patrick's Day party was held at the home of Mrs. Roy Shetler, West Grand View avenue, on Friday night. The evening was spent in games and stunts suitable for an Irish party. Mrs. Leila Embree took the prize for the St. Patrick card game. Mrs. Florence Jensen received a prize for the best drawing made in the dark. Mrs. Helen Lovejoy was awarded a prize for completing her jig-saw puzzle first. Everyone present was given an Irish name that they had to answer to for the entire evening, or pay forfeits. Various kinds of relay races were held, winners being the honor guests for the latter part of the evening. The losers then had to prepare refreshments and serve them. Those present were Mrs. Bertha Irvine, Mrs. Helen Lovejoy, Mrs. Leila Embree, Mrs. Edith Woodruff, Mrs. Catherine Miller, Mrs. Anne Collins, Miss Ella Cobell, Mrs. Jessie Suthers, Mrs. Hallie Hogg, Mrs. Joy Embree, Mrs. Nell Mathis, Mrs. Florence Jensen and the hostess.

Mrs. Jessie M. Crandall, well-known musician of Los Angeles, entertained a party of six at the Wistaria Vine and then took her guests on the Garden Tour, which is increasing in popularity daily. Many Sierra Madre residents are making reservations for these tours.

Science Of Healing Told By Lecturer

Belief In Reality Of Matter Greatest Hindrance To Understanding

In a logical and convincing manner the unreal and insubstantial nature of matter, and the mental nature of existence were explained by Prof. Hermann S. Hering in a lecture given in Sierra Madre Grammar School Auditorium on Sunday evening under the auspices of First Church of Christ, Scientist, of Sierra Madre. Prof. Hering is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Prof. Hering chose for the subject of his lecture "Scientific Christian Healing," and he laid a foundation for his discussion of the healing as accomplished by Jesus and his disciples, by first disposing of matter, stating that belief in the reality of matter and in the supremacy of material law is the greatest hindrance in the way of understanding Christian healing. Because this healing was and is now effected through spiritual means, he said, it must be spiritually discerned.

According to the physical sciences, Prof. Hering said, material existence is composed of a creative, governing, controlling power called force, and a substance called matter, in which this force seems to inhere and through which it seems to act. Matter has always been believed to be an indestructible stuff or substance, separate and apart from force or energy, he went on to explain, but recent research and discovery by eminent physicists have rendered this view untenable, for it

Visit Of Echo Park Tennis Fans Calls For Return Matches

More than 50 sportsmen from the Echo Park Tennis Club in Los Angeles, were the guests of Sierra Madre tennis players and fans at the City Park last Sunday. Matches, in which the locals came out one point behind, continued throughout the day, with an hour's time being taken out for picnic lunches in the afternoon.

In consequence of the success of the event, Bob Chavis, former Sierra Madrean who now is a member of the Echo Park outfit, and Bill Pyle and Emile Smith, of the local tennis association, plan on a return tournament to be held on Los Angeles Courts in a week or two.

has been found that the unit of matter, known as the atom, which heretofore has been supposed to be the smallest possible division of matter, is now affirmed to be itself composed of thousands of smaller units called electrons and protons.

These units, he continued, are infinitesimal centers of electrical energy, positive and negative charges of electricity, vibrating with great velocity, thus disclosing that the atom, the basis of physical substance, is in fact a manifestation of force; and that therefore, atomic aggregation, or what is called material structure and growth, is a form or manifestation of energy and force.

Prof. Hering illustrated this by explaining that any material object can be reduced by means of mechanical and chemical processes to its ultimate theoretical limits, first by destroying what seems to be the object, then the residue called organized matter, until nothing remains but a form of energy, a theoretical manifestation of force in which every vestige of the characteristics of matter and of the object has disappeared. In this way, he explained, matter is seen to be the appearance, externalization or projection of force or energy.

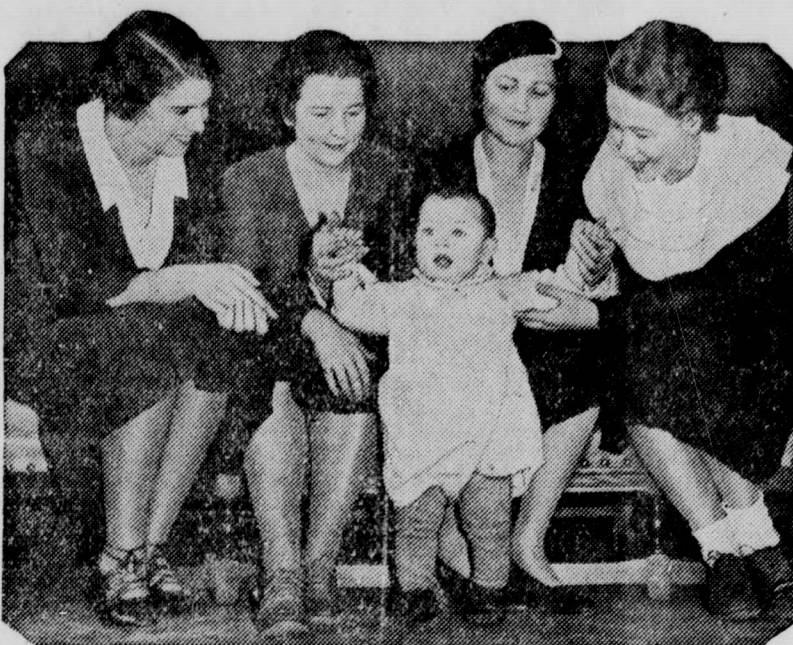

It is evident, the lecturer declared, that we never see anything but light, which is a form of vibration, which is force; that what we feel or touch is a form of pressure, which is force; that what we hear is the vibration called sound, which is force; that what we smell and taste is a form chemical energy or vibration, which is force. This shows, he affirmed, that matter is a manifestation of force, and not what it has been supposed to be. It has been proved by materialistic philosophy and psychology, he further explained, that so-called material sight, hearing, touch, taste and smell are themselves mental impressions superinduced by force or energy in some form.

We are conscious of existence mentally, he said, and the things we are conscious of are mental impressions objectified. Existence, together with all its activities, appearances and phenomena, he went on to say, is wholly mental. Jesus proved this to be so, he declared, when he walked on the water, stilled the tempest, fed the multitudes, healed the sick and raised the dead.

Acceptance of mental nature of existence, Prof. Hering holds, is one of the first steps toward an understanding of Christian healing; for it can then be seen that whatever enters existence enters it mentally, as a state of consciousness, and it can also be seen that all discordant conditions of whatever name or nature exist solely as phenomena and experiences of mortal consciousness and are therefore wholly mental and must be dealt with mentally.

Since existence is consciousness, Prof. Hering said, it has to do with the human mind—that mind or consciousness with which we are aware of our existence. The human mind, although cognizing materiality, is capable of knowing the Truth, he went on to say, and it is through knowing the truth of any subject that error is corrected and destroyed. In fact, he said, we can never know anything but the truth, and illustrated this point by declaring that we can never know that two and two make five, because they do not, even though it be

"Experimental Baby" at Wellesley

The students of Wellesley college, Massachusetts, department of education, are now studying child development, with nine-months-old Eliot Morton Sterling as the "experimental baby." Eliot is the son of Mrs. Morton B. Sterling, an instructress of the department. The mother has taken movies of the child every day since he was one month old, to show his progress.

written on a blackboard in clear figures. Just so, he continued, we can never know anything that is wrong, evil or material; we can never know sin, disease or death; we can only believe them.

It is important, Prof. Hering said, to know just what Truth is and he defined it as actuality as distinguished from mere appearance, as that which is real as distinguished from that which seems to be; it is defined as reality. He emphasized the importance of knowing the Truth so clearly that error is instantly perceived, just as inspectors in the Treasury Department in Washington are taught genuine currency so thoroughly that they can quickly detect counterfeits. He pointed out that it is through knowing the truth of God's perfect creation as recorded in the Bible that error is detected and destroyed in consciousness.

The lecturer made clear the importance of applying the truth accurately, persistently and patiently in order to obtain results in spiritual healing.

That healing of discord of every kind was accomplished by Jesus and his disciples through prayer and the understanding of divine Principle, of spiritual law, cannot be denied, Prof. Hering declared, and that the world is in need of healing and is in need of a better means of healing than is in general use today. Jesus set the standard of perfect healing before humanity, he said, and maintained that Christian Science is the re-establishment on a scientific, demonstrable basis of the Christianity which Jesus taught and practiced.

Mary Baker Eddy, the discoverer and founder of Christian Science, early learned that the Bible is the word of God, the spiritual teacher of the ages, and in its inspired pages she found Christian Science, the spiritual fulfillment of Jesus' teaching and practice, and discovered there the Science of Christianity. Prof. Hering said, Christian Science is the fulfillment of Christ Jesus' mission of bringing to the world salvation from sin, sickness and death. Its modest achievements of today, he added, prove the truth of its principle and rule, and enable any sincere seeker to begin to live it and to be benefited by it and to demonstrate that the day of human redemption is at hand.

Prof. Hering held the attention of a large and representative audience throughout his lecture. He quoted his statements with quotations from the Bible and the Christian Science textbook.

Local Sports Paragraphs

By John Copeland

TENNIS took an upward swing here Sunday as the local bigwigs tangled with a sportsmanlike turnout from Echo Park. The Los Angeles boys and girls were a point ahead on the final score-sheet. Counting a point for each match they totaled eight to Sierra Madre's seven.

The whole works turned out so successfully that there will without any doubt be return play both down in the city and up here.

Among the more sad sidelights was Bill Pyle, who dropped his singles match with Mr. Nardi. Bill, poor fella, was not fit for tennis, as his wife had him playing a solo on the Irish piano all Saturday morning, and as some smarty in the gallery yelled, "That last teddy musta been too much for you, Karloff."

Brass tacking for the nonce, the villagers showed pretty good against some players who aren't to be sneezed into the back-ground of strictly amateur tennis.

Most of the day's plaudits and partisan rooting were thrown into the match between Sarah Schwartz and Miss Springer. Our Sary showed good and kept the bacon home to the tune of 6-2, 6-4, or something. Miss Springer, a red haired gal with plenty of fight, couldn't do much against the sustained power of her opponent. And was the whole darn Schwartz family proud as they escorted their gall off the courts?

Only one thing to mar the day. Somebody lit out with a visiting player's new Top-Flight racket, and mysteriously five new balls were missing when came the dusk. The racket may show up later, as it is very possible that someone accidentally took it as his own. . . . But if you were to ask us, it's sort of poor form on one person's part to deliberately sneak away with a couple dollars worth of someone else's property. Or maybe we're just unique that way.

—S—

HERE is the story of play with figures: Hiro Kaya went down the slides before Mr. Greenspan. Taking the first set 6-4, he dropped the next two hopelessly, 6-0, 6-0.

Mr. Terry, a boy that looked

"Science and Health with Key to the Scriptures," by Mary Baker Eddy.

Legion Ball Team Begins Practice For Opening Game

The local Soldiers, with their battle eyes peeled on the first set-to of the baseball season—with an unknown rival April 21—have started to roll up their sleeves in preparation for defending their spots as 1932 league champs.

Head man Wave Pratt says, "We're scheduled for no practice games, and plan on getting limbered up tossing and batting the old pill around among ourselves." From the other side of the town fence comes news that this year there will be no "All-Star" nine, but instead a team christened "The Icemen" which will include all of the stars of the now defunct outfit and many handy handed newcomers as well.

capable of wrapping up most any player here with pink paper and finality, sunk Homer Tuttle's goodship 6-4, 6-1.

Louis Fuller, furnishing the "white-hope" element or something, rolled up his sleeves and wore Mr. Rogers down, 10-8, then more handily polished him off, 6-4.

As for doubles, we fared somewhat better. Sarah Schwartz and Randy Wood took Luecke and Spire, 6-4, 6-3, after dropping the first set, 2-6. Smith and Perry downed Rogers and Firth, 7-5, 6-4. Wayne Perry and Clayton beat Shupper and Goldman, 6-3, 6-3. In what was probably the best doubles match of the go, Tuttle and Wood went three sets to win from Ruddle and Terry, 5-7, 6-3, 6-3. Greenspan and Spire took Wood and Fuller not too easily, 3-6, 6-3, 6-3.

Surprisingly Mrs. Tuttle lost to Miss Morris, 6-3, 6-1. Kaya and Pyle lost 7-5, 4-6, 7-5, in a hard fought battle with Michaels and Parker. Emile Smith started well against Ruddle, 6-3, and then dropped the next two sets by the same score. Spire took Wes Perry 6-3, 6-4. Mrs. Tuttle and Miss Schwartz disposed of Misses Wroten and Blood, 6-3, 6-3.

And that's that, unless we've unintentionally skipped a match or two.

This condition can't last . . . we're all going to live, and after the Lord has chastened us sufficiently for the excesses of the past, the broad road to prosperity will be opened up again.—Alfred E. Smith.

LAUGHS AND THRILLS AT TOWER THEATRE

There have been many good comedies and many a breath-taking thriller, but seldom does one see such a rare combination of laugh, thrills and romance as in "Parachute Jumper," starring Douglas Fairbanks Jr., which is now showing at the Tower Theatre in Pasadena.

* Fairbanks stalks through the picture as a romantic lover and bouyant adventurer. Bette Davis, as the wisecracking secretary who does not hesitate to vamp her bosses to her own advantage, appears in an entirely new role for her.

Starting Wednesday, March 29, the Tower shows the musical extravaganza, "42nd Street," with 14 stars and 200 gorgeous girls and real music.

Top And Ranking Players Of Tennis Robin Clash Sunday

The three ranking boy tennis players of the city will have their big opportunity to upset the apple-car Sunday as they go up against the three top men players of the tennis robin in two out of three set matches. Following is the schedule: Hiro Kaya vs. Henry Neutzel, Bill Hansen vs. Emile Smith, and Don Harvey vs. Louis Fuller. After those matches the players will alternate in round robin style.

Another example of over-production: the thousands of bills already introduced at the legislature.

THE MOST IMPORTANT QUESTION IN ELECTRIC REFRIGERATION

"IS THE MECHANISM Hermetically sealed?"

Westinghouse is!

• Before you select any refrigerator . . . look at the mechanism. Ask . . . "Is it Hermetically-Sealed? . . . Is it sealed and protected for lifetime performance? . . . Is it bathed in a permanent supply of oil? . . . Is it free of all exposed moving parts, stuffing boxes and belts?" This is important. For these are the things that make the Westinghouse Hermetically-sealed mechanism your greatest guarantee of continued economy and dependability. See for yourself . . . now! Come in today.

[Tune in the thrilling new Westinghouse mystery radio serial by OCTAVIUS ROY COHEN . . . NBC Network]

THE Zinnia played an important role in the Pacific Coast beautification program last year during the Olympics. Its lengthy blooming season, brilliant show of color and heat-loving qualities, make it an estimable summer garden flower.

There are many types of Zinnias, some of them very large flowering. The Dahlia-Flowered Zinnia is perhaps the most popular.

lavender), and other colors including yellow, purple, pink, etc. In this type the petals are cupped and the flower is slightly cupped also. Under proper culture, the flower will grow to five or six inches in diameter. A similar type is the California Mammoth, which is also a large-flowering variety, with smaller centers than the Dahlia-Flowered, and the petals, while not cupped, are symmetric-

lar. Seeds of these may be obtained in separate colors of Crimson Monarch, Exquisite Rose, Golden State, Dream (a lovely

Six Here Enlist In Lancers, Mounted Militia Division

Six Sierra Madre youths have formed the nucleus for a new division of California Lancers, and enjoyed one of their initial meetings at the Santa Anita Riding academy Tuesday night. The Lancers, a cavalry branch of the State militia, has as its purpose the development of riding skill among the young men of military age, and the meetings which will be held weekly in the future will be devoted to both infantry and cavalry drill.

Instruction is provided free for those wishing to join the organization, and in addition to the drill the members will plan pleasure horseback jaunts, campfire rallies, dances and the like. Henry Neutzel, George Smith, Percy Kortkamp, Buster Thomas, Clarence English and Jim Heasley Jr., are those already members, and everyone interested may secure full information either from one of that group or directly from the Arcadia academy.

Fool Bills In The Assembly

by RALPH H. TAYLOR
Sec. Agricultural Legislative Committee of California

CALIFORNIA'S State-wide farm organizations have hoisted the danger signal over many unsound and questionable measures pending before the Legislature.

The 1933 session, due, without doubt, to the chaotic conditions of the times, has been marked by the submission of an unusually heavy crop of dangerous legislation, viewed from the agricultural standpoint.

Nor is the danger of the situation lessened by the fact that most of the unwise bills are backed up by the best of intentions. The greatest threat of the current session lies in the danger of "jumping from the frying pan into the fire."

Typical of the long list of "bad bills with good intentions," for instance, is a measure which would make it a felony for a farmer to refuse to market surplus crops at a loss. Designed to prevent the unwarranted destruction of foodstuffs, the measure would actually have the effect of putting a farmer in the same category as a bank bandit or a highwayman if he pulled off unsalable fruit to protect his trees.

Topping the list of dangerous legislation, insofar as the farmer is concerned, is Assembly bill 1999 to abolish quarantine stations, the only barrier between California and ruinous plant and insect pests which infest other states and countries.

COMING EVENTS

— FRIDAY —

1st & 3rd—Sierra Madre Firemen's Auxiliary, at City Hall.
2nd & 4th—Sierra Madre Firemen, at City Hall.

2nd & 4th—Woman's Guild of Church of Ascension, at Parish House.
Every Friday—Sewing Circle, St. Rita's Altar Society, 10 a.m. to 4 p.m.

3rd—Men's Community Club, at Congregational Church.

Every Thursday—Bethany Bible Class at 10 a.m., Rotunda of Bethany Church.

Alexander Russell Dies Suddenly At Sierra Madre Home

Alexander Russell, 59, of 171 West Orange Grove avenue, vice-president of the Los Angeles Grand Central Market, died suddenly of a heart attack here Friday afternoon. Funeral services were conducted at 2 o'clock Monday afternoon at the Wee Kirk O' The Heather at Forest Lawn Memorial Park, and interment was held in the Park cemetery.

Mr. Russell lived in Sierra Madre for nearly 10 years, with his family. He was born in Scotland in 1874 and came to California with his father, James Russell, when but 12 years of age. They settled in the San Fernando Valley where the senior Russell was district schoolmaster.

A pioneer in the grocery business in Los Angeles Mr. Russell was associated with several creamery and market concerns there and at one time was a director of the Sparklets Water Corporation. He leaves his widow, Flora E. Russell, two sons, Bruce, a newspaper artist, and Norman, a daughter, Maxine.

YOUNG PIANO PUPILS GIVE SATURDAY RECITAL

A piano recital of pupils of Mrs. Edna R. Croan was given on Saturday afternoon at the Croan studio, 111 North Sunnyside avenue. Among those participating in the afternoon's entertainment were Nancy Perry, Margaret Young, Jean Vieira, Marjorie Pickett, Edmund Blakeman, William Simmons, Bert Embree, Goodrich Simmons, Aileen Callaghan, Juanita Thompson, Preston Evans, Robert Evans, Robert Hartman, Betty Simmons, Georgine Perry, Lillian Kennedy, Roseta Howland, Marjorie Ann Croan, Dorothy Mays and Mrs. Croan.

THE TATTLER

WHAT local M.D. likes to have his nails manicured by a beauty specialist in a drug-store?

LEE HIBBS will not be as popular as practically anyone if he keeps on taking a jack-knife with him to Friendship Club parties—with which to cut candy loose from strings in contests.

A WELL-KNOWN old time real estate man in town is married to a lady that not only knows her stuff when it comes to dramatics, but is equally skilled with a thimble and needle. Hubby's shirt tail just wouldn't stay in where it belonged, so she sewed it to his shorts. The difficulty was in figuring out which to put on first—and how about the undershirt?

SOME Wistaria flavored slants: Mayor Reavis perpetrated a faux pas on the opening day by hauling an overcoat along, and making the summer-clad patriots shiver the more. The lady at the perfume booth oughta use more discrimination when squirting that lavender stuff around—single gents on the loose had to do a lot of explaining later on.

WHEN one of the firemen's wives gave the Mister a ring, and in a disguised voice asked for a date, he turned her down on the ground that he was a happily married fella. She was happy thinking that he didn't recognize her voice. He was happy that he had recognized her voice. . . in time.

ANOTHER noteworthy meeting took place under the Vine Sunday. Remember Gin Chow and Colonel Hersey? Well this time it was "Humph" and Sid Grauman. Watta combination. Sid chewed gum and talked with his hands. "Humph" went into his song-and-dance regarding the wonders of the Vine. He had Sid so worked up that the big showman came near putting one of the blossoms on the dotted line for a Chinese prologue. Some tie—the Chinese theatre, a Chinese wistaria, and two ballyhoosers par excellence. Frank Lovell got chummy with the Lincoln, too.

ONE of the loveliest features of the newspaper publishers' luncheon under the Wistaria vine was the absolute silence on the part of potential after-dinner speakers.

ANOTHER lovely feature was a chicken pie—and the sweet gals who waited table.

AN underground rumor hath it that the publicity gents of the fete plan a wedding under the flowers. Who are the prospects?

AND who was it that complained because the Fete caused the village to keep the street lights on along the usually dark and winding roads in the scenic portions of town above Carter avenue?

DID Frank Spencer wait until midnight in front of the bank with desire merely to see the missus home—or was it under orders and in order that she could keep an eye on him?

SOMEDAY the mean streak in us is going to bust out in full bloom and we're going to get a couple of these jig-saw things and mix the pieces as thoroughly as possible, then put half of the resultant mess in one box, half in another, and special delivery the two hybrids to the most hopeless jig-saw fiends we can think of. Next day it will be lots of fun looking for the missing pieces of these two fiends, who will without doubt exploded into many rarely shaped

First Prize Won By Local Pupils In Play Competition

Sierra Madre's Tooth Templars, from the local public school, won first place in the district play competition in Pomona Saturday with Florence Eakman's original skit, "The Royal Arch," and in consequence will compete with grammar schools from all of the county in Inglewood April 1.

A cast of 24 pupils, including Gail Little, Eddie Feder, Marilyn Paschall, John Ashmore, and Robert Thompson, who are officers of the Templars, represented Sierra Madre. Mrs. Ellen Coll Barker, school nurse, directed the production.

HAMLET IS COMING TO THE PLAYHOUSE

The impressive production of Shakespeare's "Hamlet," with Hardie Albright, stage and screen actor in the title role, in preparation for several months, will open at the Pasadena Community Playhouse, on Tuesday evening, February 28. Hardie Albright is to play the title role.

George Bernard Shaw's "Too True to be Good" is in its second and final week at the Playhouse.

The man who keeps hammering away has mightily little time to be a knocker.

D.U.V.C.W. Doings

By Lee S. High, Press Chairman

The bridge tea given by the D.U.V.C.W. Tent 65, on Friday, was such a success we want to thank our friends for their wonderful response and help. Considering the terrible strain under which every one was laboring we feel doubly grateful. . . So many have asked just what is the mission of D.U.V.C.W.? First—to perpetuate the memory of the brave boys in blue who so nobly defended our country in the troublous years from 1860-1864. To always honor the good old red, white and blue. To see that the comrades yet remaining receive care if they need it, to cheer them in sickness by visiting them and taking books, flowers or the little delicacies so much appreciated by the sick. To remember to deck their graves with flowers on Memorial Day and to see that they have a headstone if for some reason this has not been attended to by some relative or other interested friend. To look after the sick or dependent widows of the comrades, that they get proper care if ill. Hospitalization, food and clothing and proper burial. Assisting at the funeral by the ceremony provided in our ritual.

We also have quarters for widows of Civil War Veterans at Sawtelle which we help to maintain. Any National movement for the betterment of the boys in blue or their widows, the D. U. V. C. W. stands ready to assist in every way, manner, shape or form. We are only a small number, here but we expect to grow and welcome all direct descendants of Veterans of the Civil War to become members of our tent. Our meeting-place is Junior members quarters in the Woman's Club House; time, each second and fourth Thursdays of each month.

divisions along about the time the milkman jangles up onto the porch.

NO, Ma'm, you'd better take the road to the left, they don't let you drive through the Wistaria grounds, and we haven't the faintest idea if one branch really stretches way up to Mount Lowe. Oh, you say Mr. Humphries told you so. Well, it must be true then. . .

Hey Diddle Diddle Revue Presented To Pasadena Crowd

Unexpectedly called to put on a tabloid version of the show at the Pasadena Masonic Temple Monday night, the cast of Sierra Madre's musical revue, "Hey Diddle Diddle," responded energetically, and with only an hour's preliminary rehearsal on the Masonic stage prior to curtain time performed to stage a polished performance.

Nightly rehearsals started last night in the clubhouse, under the direction of Miss Cricket Calkin, that the revue may be in condition for its next road appearance in South Pasadena, April 5.

Mrs. Emily Forrest accompanied the chorus numbers and specialties on the piano in Pasadena and Ruth Mylot substituted as the girl marathon dancer. Although a professional musician, Mrs. Forrest gave her services to the local troupe, and greatly aided the performance.

Mussolini's Work Order Wins Praise

Globe Trotter Tells Kiwanis How Order Affects The People Of Italy

Under the Wistaria vine, which he admitted rivaled any of the beautiful spots which he had seen in his extensive European travels, Charles Gibbs Adams, famed Pasadena landscape architect and garden authority, entertained the Kiwanis members at their luncheon meet on the Fennel grounds Tuesday noon with sparkling stories concerning the various continental cities.

"We in America," Mr. Adams commented, "may learn much from Papa Mussolini. . . . In Italy each man and woman has at least half a day's work every day. Rich and poor, men and women alike, must have something to do. Either for the good of humanity or nature, everyone has a task to accomplish. Those whom I spoke to said that they had never been happier."

He told of how in Seville he had learned that Spaniards ask not "Are you from America," meaning the United States, but rather, "Are you from America, or North America?" When he boasted of being from California a listener thought he meant a province in Brazil. While in Berlin he asked why he saw no monuments to an unknown soldier such as are common here, and the answer that due to German efficiency they had kept track of all their soldier dead.

It was at a Viennese hotel that Adams was accorded what may be termed the ultimate in service. Having wired ahead for the cheapest rooms in the best hotel, he arrived to find that although all the cheap rooms were filled already with impoverished Americans, he had been assigned to a luxurious suite at rock bottom prices.

The manager followed the bell-boy to the rooms and said: "Are you now perfectly happy, sir?"

"Well," Adams replied facetiously, "a poor bird like I couldn't possibly be perfectly happy in a rich place like this. To make it complete now I need a bride."

"Ah," said the manager, "That can easily be arranged. I will have a bride sent immediately." Europeans, he said, cannot

Many Homeless In Stricken Area Are Living In The Parks

A considerable part of the population of Long Beach and other stricken cities is still living in tents in the parks and in refugee camps just outside the damaged area while the Red Cross, State and Federal governments are arranging to provide living quarters for those whose home were shaken down or so badly damaged that they were condemned as unfit for habitation.

At emergency stations in the

comprehend American speed. They consider themselves disgraced if their families have not occupied the same house for 300 years at least, and their ideas about gardens are akin. When he showed plans for some gardens he had laid out in Southern California, one prominent architect told him, "You are a fine artist, and undoubtedly will make a great name for yourself in a few hundreds years, when your gardens take on an appearance of age."

Fire Flames

By one of the boys

THE threatening clouds that hung over the Wistaria grounds on Friday morning finally dispersed, and although it was cool the newsmen came to the Fete and enjoyed their stay. Many of them returned on Sunday with their families and friends.

On Saturday our local American Legion men and women were hosts to out-of-town guests.

Sunday was an ideal day for the Fete and by the number of cars that went through the grounds, the whole country must have thought so, too.

The men on the parking lot were busy from early until late and if there is anyone who thinks this is not work, they should take a look at these fellows when the day is over. They suffer greatly from the dust and get "Charley Horses" from balancing on the side hill. But worst of all, they suffer from sore eyes and husky throats. W. L. Hibbs, who is acting as manager of the parking lot, is more than ordinarily busy, as he is also the official timekeeper of the "Parkers" or "Barkers."

Although Marion Hayes' face was more red than ever, even it was almost hidden behind the dust. In fact when the army of "Parkers" finished the day, they looked as tho' the banks had closed again. Cars, cars, cars and more cars. At about 4 o'clock there was a traffic "jam" from the Wistaria Grounds to Baldwin and Highland. Little wonder that the boys get tired.

Many requests are made of the parkers and the care of dogs and babies for visitors has become an important part of the job. But last Sunday when a visitor asked for someone to care for a monkey, the firemen switched the responsibility to the Police Department and Jim Heasley was the goat.

A real honest to goodness Scotchman came to see the vine. He was from Ontario, Canada, and had driven here in an auto. As he closed the door of his car and was handed his parking ticket, he asked if there was a charge. "No," replied one of our

parks and camps Red Cross doctors and nurses are still ministering to the wounded and scenes like the above are common.

The Sierra Madre City Council at a meeting on Wednesday approved a donation of \$100 to the disaster relief fund to help carry on the most urgent relief work pending release of appropriations by the State and National governments.

BRIDLE CLUB ADOPTS OFFICIAL COLORS

Fifty members of the Foothill Bridle and Breakfast Club of Sierra Madre assembled at the Gerald Farman estate on West Orange Grove avenue Sunday morning for their regular bi-monthly ham and egg breakfast and horseback ride.

Name badges, decorated with the club colors of yellow, orange and green, were worn by both members and their guests for the purpose of easy identification during the ride. The badge idea was adopted because the local riders were hard put to keep together as a group when they found themselves on the same trail with other riding parties.

Just covered playmates, "there is no fixed charge, just a volunteer donation." The Scotchman taking him at his word, lifted his hat and said, "Thanks, my hat's off to you."

Regardless of the Wistaria interest, the trucks will leave the station tonight for the usual practice.

We won't hear much about the bowling matches during the fete as Joe Swanson works so long on the books in the evenings that a good blow of breath would bowl him over. Joe can tell you how much was taken in at the Fete today, or any other day in the past two years.

Boy Scouts In Know The City Contest

By John Gray

"Know your city," is the slogan behind a contest to be staged between the scout troops of Sierra Madre, Saturday, March 25, at 1 p.m., in the vacant building next to Solury's Market. A huge map, 9x12, has been drawn of Sierra Madre without markings. The map will be spread out on a table and the contestants will attempt to fill in the names of the street and prominent buildings. The troop showing the best knowledge of the city will be declared the victor.

The contest is to provide the scouts with a good time and to start regular get-together parties. The map should be finished by shortly after 2 o'clock. Then, by gosh, the scouts are going to explore the country and play games. Bob Newberry is going to talk to them on the coming campfire. The dates for this big event are April 21, 22, 23. The place has not been definitely decided upon. The best part of the afternoon though, is the campfire and roast which will be the final event.

Troop 1 has been very very busy lately. They have been passing tests, reorganizing the troop, and have welcomed two new members into the ranks. Henry Nuetzel will, in the near future, be awarded the Five Year Veteran's Pin. The two new patrols are headed by Henry Nuetzel, patrol leader of the Lion patrol, and Herbie Grammel, patrol leader of the Wolf patrol. These two boys are also Junior Assistant Scoutmaster and Senior Patrol Leader, respectively.

To encourage the passing of tests and to promote neat appearance and regular attendance, the boys of troop 1 are having a contest. Points will be awarded, on appearance, attendance, and tests passed. The contest will last two months.

Bitten by the same bug, troop 2 is going to start the same kind of a contest. The idea was discussed at the meeting Wednesday night. Camp Huntington is luring troop 2. Possibly next month.

JAYHAWKERS HAVE PICNIC
A Kansas picnic reunion will be held all day, Saturday, April 1st, in Sycamore Grove Park, Los Angeles. All the tourists and visitors from the old home state will be made welcome.

An economist has been defined as a man who knows everything and can't do anything.

NEW RACING WRINKLE AT ASCOT ON SUNDAY

Almost unbelievable speed is anticipated on Sunday afternoon when the Legion Ascot Speedway will stage the newest wrinkle in auto racing programs, a card of nine races featured by three main events. There will be two 25-lap events and a 40-lap finale. The 10 or 12 fastest cars will be entered in each of the three events. Local fans will see the 10 best pilots in the country competing in three events, all of sufficient length to give the ultimate in speed and skill.

P.T. A. NOTES

By Augusta Coats, Correspondent

The Ways and Means Committee of the Parent-Teachers' Association are very busy at the Wistaria Fete, managing the candy booth. Mrs. R. E. Parmenter is the chairman, Mrs. Waverly E. Pratt and Mrs. John Spoelstra, are assistants.

The receipts of the candy sale are to be used for the milk fund for the needy school children.

Any contributions of home made candy or materials for such would be appreciated. If you wish to give, communicate with the above committee or with the

P.T.A. president, Mrs. Elmer Pulling.

The last regular meeting of the P.T.A. was devoted to Wistaria. Chief Richards answered questions about our own famous vine. And an unusually interesting talk on Wistaria, particularly that of Japan, was given by Michi Nomura, a local boy, now a student at Pasadena Junior College. He gave a very beautiful word picture of one of the famous Wistaria vines of Japan.

The illustrated lecture and songs of Elmer Gandy, at the school auditorium, was well attended, and everyone enjoyed learning in such a pleasant way some authentic California history.

PIGGLY WIGGLY and SAFEWAY STORES

DISTRIBUTION WITHOUT WASTE

These prices are effective Friday, March 24th, and Saturday, March 25th, in all of our stores within thirty-five miles of Los Angeles.

NOTICE OF ELECTION FOR ELEMENTARY SCHOOL TRUSTEE

(School Code Section 2.873) NOTICE is hereby given to the Electors of Sierra Madre Elementary School District of Los Angeles County, California, that the Annual Election for School Trustees for Sierra Madre City Elementary School District will be held at the Sierra Madre City Schoolhouse in said district on the last Friday in MARCH, viz, MARCH 31, 1933.

It will be necessary to elect one (1) trustee for three years. The polls will be open between the hours of 11 o'clock A.M., and 5 o'clock P.M.

The officers appointed to conduct the election are: Mrs. Ellen P. Evans, Inspector; Mrs. Myrtle P. Hartman, Judge; Mrs. Irene T. Dalzell, Judge.

Dated Feb. 14th, 1933.

SIGNED (School Trustees):
RUDOLPH R. HARTMAN,
EDWIN W. WARD, Jr.,
RUTH KLEMMER BOVARD, Clerk.

Sierra Madre City Elementary School District. —24:6

NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE
No. 352880

ADA M. OSWALD Plaintiff.

C. L. T. HERBERT and VELMA HERBERT. Defendants.

In the Superior Court of the State of California in and for the County of Los Angeles. By the judgment and decree of the above entitled court in the above entitled action, entered and recorded on the 24th day of February, 1933, in judgment book 860 at page 102, et seq., wherein the above named plaintiff obtained judgment and decree of foreclosure and sale for the sum of Thirty-four Hundred Seventy-one and 35/100 Dollars gold coin of the United States, plus interest and costs, to which judgment and decree reference is hereby made, and by order of said court pursuant thereto, I am commanded to sell at public auction all of the following described premises, situated, lying and being in the City of Sierra Madre, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot Nineteen (19) in Tract "Y" of Hosmer's Subdivision of Lot Five (5) of the Sierra Madre Tract, as per Map recorded in Book 10, Page 14, Miscellaneous Records of said County.

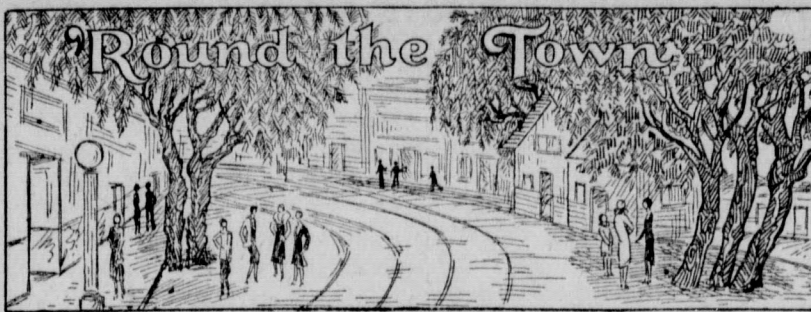

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 28th day of March, 1933, at 12 o'clock noon of that day, at the front door and Broadway entrance of the Los Angeles County Court House, in the City of Los Angeles, County of Los Angeles, and State of California, I will sell the above described property, or so much thereof as may be required in compliance with the said order of sale and decree of foreclosure and sale, to the highest and best bidder for cash, gold coin of the United States. Dated Feb. 27, 1933.

R. E. ALLEN Commissioner appointed by said Court.

ROBERT MITCHELL, 515 H. W. Hellman Bldg., Los Angeles, Calif. Attorney for Plaintiff. —23-26

LOCAL CARD PARTY HELPS DUARTE HOME

A large number of persons attended a very successful card party on Wednesday evening at the Temple Beth Israel as a benefit for the San Gabriel Valley League of Duarte Sanatorium. The affair was sponsored by Mrs. J. S. Weber and Mrs. B. Solnit. The league, which has been on a drive for contributions for the sanatorium, with \$5,000 as its goal, plans a dance for Saturday evening, March 25, at the Masonic Temple, 200 South Euclid avenue, Pasadena, as a termination of the drive. Games for those who do not dance, will be held. J. S. Weber, Sierra Madre chairman, has extended appreciation to the local persons responsible for the success of the drive.

MRS. ANNA B. CONNOR, of Hollywood, has rented the home at 36 west Mira Monte avenue.

The Sierra Club plans a party this weekend at Hosford's Fern Lodge.

Mrs. D. Eubank, of Sacramento, has moved to 96 North Lima street.

Sylvane Ferris, of North Auburn avenue, is confined to his bed by a relapse.

Mr. and Mrs. Bob Davies and son, of Monrovia, visited friends in town on Saturday.

Mr. and Mrs. R. D. Shipway, of 292 East Laurel avenue, have Long Beach visitors.

Russell Keene, of 190 Santa Anita Court, spent Sunday in Long Beach with friends.

Mr. and Mrs. W. Connolly, of Long Beach, have taken an apartment at Belle Vue Court.

Dr. and Mrs. H. J. Warta and family, of 337 North Lima street, have moved to Monrovia.

David Roess and Joe Belohlavek, Jr., enjoyed Sunday at Newport Beach.

Dr. and Mrs. C. L. T. Herbert, of 61 Bonita avenue, visited friends in Pomona on Sunday.

Miss Lucy M. Davis and mother, of Long Beach, have moved to 100 East Highland avenue.

Mr. and Mrs. Warren O. Preston, of 503 West Montecito avenue visited Long Beach on Tuesday.

Mrs. E. K. Mason, of Los Angeles, is house guest of Mrs. John H. Osgood, of 617 West Montecito avenue.

Miss Leah Fletcher, of 634 West Highland avenue, is recuperating from an illness of two weeks.

Mr. and Mrs. Luckey D. Ball, Mrs. Cosper and Miss Louise McMann visited Long Beach on Sunday.

Miss Carol Huber, of Seattle, Wash., visited Miss Jane Fox, of 275 West Grand View avenue, on Wednesday.

Mrs. W. P. Willimott of Westwood spent last week end with Mr. and Mrs. J. S. Billheimer of 670 Alta Vista Drive.

Mrs. Chester Dike, of Evansville, Ill., was guest of Mrs. W. E. Farman, of 32 East Highland avenue, on Wednesday.

Miss Olive E. Hosner, of Los Angeles, visited her mother, Mrs. James Vieira, of 625 Woodland Drive, over the weekend.

A. B. Murphy, of Alhambra, who formerly operated Dad's Service Station here, visited friends in town on Tuesday.

Mr. and Mrs. W. J. Schiltz and family, of 67 East Highland avenue, visited Miss Anna Driscoll at Long Beach on Saturday.

Mrs. Paul Waite and daughter, Janice, of Encinitas, visited Mr. and Mrs. P. E. Lacey and family, of 374 Grove street, last week.

Mr. and Mrs. C. B. Yule, of Alexander, S.D., visited Mr. and Mrs. W. J. Schiltz, of 67 East Highland avenue, on Wednesday.

Barbara Sullivan, daughter of Mr. and Mrs. Leroy Sullivan, of 169 North Baldwin avenue, has been at home with a cold this week.

Rev. and Mrs. R. C. Lewis, of Hawthorne, visited their daughter, Mrs. James Vieira, and family, of 625 Woodland Drive, on Tuesday.

Misses Grace and Mabel Jones, of Huntington Park, were guests of Dr. May Culbertson Laidlaw, of 83 North Sunnyside avenue, on Sunday.

Mr. and Mrs. Harold Smith and daughter Barbara, of Bakersfield, visited Mr. and Mrs. John Spoelstra, of 263 West Highland avenue, on Sunday.

Mr. and Mrs. Ralph Davis, and Southland.

Long Discussion After Lecture On National Minimum

A large gathering assembled at the Parish House of the Ascension last Monday evening to hear Dr. Webster Vannier lecture on the subject of a "National Minimum." He traced the history of the conditions and support of the workers from the guilds of the Middle Ages through the industrial revolution to the present time, referring to the methods of various countries to provide a standard of living for all in comfort, decency, and security, below which no one should be allowed to fall.

For a full hour after the lecture, animated questions and discussions were indulged in by the audience, and all had a profitable evening.

Next Monday Dean Bode will speak on "The Labor Movement, the Churches, and the Public," and invite discussion. The lectures are free and anyone is welcome.

Valencia Growers Sign Up For Control Of Their 1933 Crop

The Exchange Valencia orange agreement has been signed by over 96 per cent of all Sunkist orange shappers and was officially placed in operation yesterday by the board of directors of the California Fruit Growers Exchange, according to announcement of Paul S. Armstrong, general manager.

"This agreement gives the central Exchange board full authority to act for its members in promoting and distributing the 1933 Valencia crop," said Mr. Armstrong.

"Furthermore it places the Exchange in a position to quickly act as a unit in any plans which may be worked out and agreed upon between the Exchange and other shippers in a joint program to stabilize the Valencia market this season."

ESTABLISH SCHOOL FOR BRIDGE PLAYERS

Sierra Madre bridge players will have the opportunity of learning the fine points of the game, and will have a place where they can get together in social card parties as a result of the establishment of the city's first bridge school this week. M. C. Karnopp and H. R. McBurney, both established local residents, will be in charge of classes.

Instructions are to be given in both contract and auction bridge, and in addition to the group classes there will be individual counsel. Advanced players as well as beginners and those who have never touched a deck of cards before are welcomed. Further information is to be had by phoning 104-3.

IN A SOCIAL WAY

Mrs. William Middough and Mrs. Warren O. Preston, members of White House Conference Committee, attended a conference meeting all day Thursday at Belvedere Gardens. With them as their guests were Mrs. William C. Dalzell and Mrs. John E. Colbert. In the afternoon after the conference they were guests of the Well Baby Clinic at the Eastside Health Center.

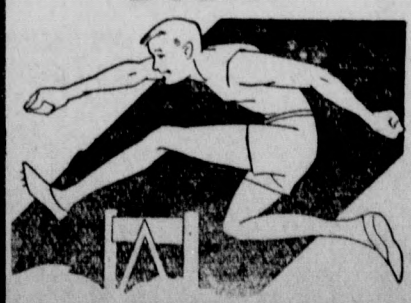

Mr. and Mrs. W. E. Farman, of 32 East Highland avenue, entertained at luncheon on Sunday, in honor of Port Boyce of San Francisco, of Public Information for Red Cross National Staff who has been guest of Mrs. Farman's brother, Rec Stanberry, of North Baldwin avenue.

ALTAR SOCIETY HAS COOKED FOOD SALE

Mrs. M. Otte will be in charge of the St. Rita's Altar Society cooked food sale to be held in front of the Baldwin avenue Safeway Store tomorrow. The sale will run throughout the day. Special dishes may be secured by calling Mrs. Otte.

Sympathy is extended Thatcher Jordan, radio technician of the Sierra Madre Furniture company, whose mother passed away on Saturday morning in Monrovia. Funeral services were held in Monrovia on Monday.

Good Meat Builds Healthy Bodies

Woman's Club Notes...

LABOR CONDITIONS among the women of the United States since 1840 were reviewed Wednesday morning in an interesting talk by Mrs. J. L. Criswell, State Chairman of Efficiency in Government for the League of Women Voters. The intimate and business life of Miss Frances Perkins, first woman to be chosen as a Cabinet officer, was told in a most charming and engaging manner.

The life of Mrs. Eleanor Roosevelt, favorite niece of former President Theodore Roosevelt and now first lady of the land, from her early childhood, was an interesting subject to follow the story of Miss Perkins' life. Mrs. Criswell described the President's wife as a very energetic woman, always calm and contained; one who is simple in demands, very appealing and very liberal. Mrs. Roosevelt spent most of her girlhood in England, where she received a most thorough training on political affairs. She was born in 1882 and married to the President at the age of 21. She was given in marriage by her uncle, Theodore Roosevelt.

A sale of early American furniture, made at a very unique furniture factory owned by Mrs. Roosevelt, is held annually at her home in New York. This affords an opportunity to many to meet Mrs. Roosevelt. Besides being on the faculty of a private school for girls in New York, Mrs. Roosevelt is editor of a magazine, "Babies—Just Babies."

Following a cafeteria luncheon in charge of Mrs. Nestor A. Young, the afternoon session was given over to Mrs. O. B. Manchester, curator of the Book Review Division of the Club. The story of a new book, "Gabriel Over the White House," whose author is unknown, was told by Mrs. Manchester. George Sokolsky, American correspondent of Polish-Russian ancestry, in his book, "The Tinder Box of Asia," tells of the politician corruption

and the habits of the people in that country. "China, the Pity of It," by J. O. P. Bland, reveals that the author has no faith in the newborn republic of China. Much discussion was given "Youth Looks at the World," which was written by a young Englishman, Fletcher. It is unpolished and flippant, opening the doors of the world through the eyes of youth, and very delightful.

April 1 the Woman's Club will be hostess to the clubs of San Gabriel Valley at the Wistaria Fete. Miss Edna Green, president, will have charge of the welcoming committee and guides. Over 150 clubs have been invited to the Fete and all members of the club should be on hand to welcome them and make the day a memorable one, it was announced by Miss Green.

A "Taxie" party will be held on Friday, April 7, with Mrs. George M. Lehner as chairman, to raise money for the taxes of the club. The party will begin in the morning with a flower sale, in charge of Mrs. W. J. Lawless and a food sale, with Mrs. Woodson F. Jones in charge. Luncheon will be served under Mrs. William Lees' supervision and Mrs. H. H. Steinberger and Mrs. John C. James will have charge of a card party in the afternoon. Donations of potted plants have been asked by Mrs. Lawless.

If all the farm relief plans were placed end to end they would reach... well anywhere except to the farmer.
